

Student Communications Policy- Text Messaging

The Nanook Navigator platform offers text messaging functionality that can be used on a case by case basis to communicate with students and/or across the board for appointment reminders. We plan to utilize this functionality beginning Spring 2020. Students will receive messages from Nanook Navigator to their provided cell phone number in UAOnline. Messages will be sent to their UAOnline preferred email address if there is not a valid cell phone number or they have opted out of texting in Nanook Navigator. Students who have opted out of text messaging in UAOnline will also receive an email in lieu of a text.

Text messages have a 160-character limit

- o Use a website or tiny url if you need to refer students to a longer message

All messages must include an identifier, so recipients know who the message is from.

- o For example: Hi Sarah! This is your advisor, Ms. Williams. Spring registration starts next week. Please schedule a time to meet with me.

Content of messages should be timely and action-oriented

- o : Graduation application deadline is March 1. It is February 15 and you have a group of students who have not yet applied. Text messaging (nudge/reminder) is appropriate due to time sensitivity and use for graduation.
- o You want to make sure your probation students are aware of withdrawal deadline. The withdrawal deadline is March 22- it is February 1. An email may be more appropriate
